Ken Stevens: Thanks for moving Public Comment to the end and for reducing time limit to three (3) minutes.

Keith VanPoperin: Public comments time limits cannot be reduced under the Open Meetings Act. When was the open meeting for this?

Mike Maillard: Businesses close, the buildings become unattractive. We need to occupy these buildings. Enforcement of building permits (open ended?). Properties that have been under construction or remodel for years. Car lots should have permanent pavement, not gravel, and cannot infringe upon County property lines. Number of cars should be limited, and no cars in disrepair (running, no broken or cracked windows, etc.). Must keep properties up, help make the township more attractive to bring others into the community. Political and garage sale signs should have a set time limit to be removed. All businesses that have hazardous materials should be licensed by the state and the township should be informed of what those materials are. Fire fighters should have Hazmat training.

Lori Bacon: The lot next to her home on Goose Lake has campers instead of a home. Tow campers, old garage, old shed, chassis of a mobile home. No septic or well. Has never seen anyone empty the holding tank. Hear them tell the kids to go in the lake to go to the bathroom/

Denise Barber: Would like the agendas to be posted on the website.

Mike Maillard: Re: canoe/kayak landing, hours of operation, lighting, insurance, liability? MM nurturing predators and encourage them to come to the area. Surveillance?

**Public Comment: Closed at 7:37pm.**
